EDUCATIONAL RESEARCH IN DISTRICT SCHOOLS

All requests to conduct research within the school district must be directed to the Superintendent of Schools. The following criteria will be utilized to make a determination regarding approval of such requests:

1. The study results in benefits or provides direct services to the children within the school district; or
2. The study provides professional development opportunities for faculty and/or staff; and
3. There be no expenditures of district funds or use of staff/faculty time unless there are benefits as described in 1 or 2 above.
4. Students participating in research, authorized by school administration, must have the written approval of their parents or guardians, after having been provided with information about the research.

A copy of research conclusions will be sent to the Superintendent of Schools.
