

Families-in-Training Infant and Toddler Program

Our Families-in-Training Program is designed around the Parents as Teachers model, *“Born To Learn”*. The program offers Learn And Play groups where children can participate in activities that will enrich all areas of development. Tuesdays and Thursdays are drop in playgroup days. Wednesdays are specifically for children birth to eighteen months. The *“Time For Baby & Me”* groups are a collaboration effort with our town libraries. On Fridays we hold *“Toddler Time”* for those babies who have “graduated” out of the baby group.

Our certified parent educator also offers personal visits, developmental screenings, parent group meetings and workshops about early childhood development and parenting.

With the exception of *“Time for Baby & Me”* and *“Toddler Time”* all groups are held at Stanley T. Williams School from 9:30 am-12:00 pm. Monthly schedules are available; please e-mail our parent educator at dcurrie@northbranfordschools.org to be added to our mailing list. For further program information, please contact the FRC office.
