## **FAMILY RESOUCCE CENTER**

The Board of Education is committed to providing to the community a Family Resource Center to provide day care services, summer camp and related programs at low cost or no cost to area families. Any funds resulting from the operation of the Family Resource Center will be applied first to pay the operational costs of the Center. In order to maintain the financial viability of the Family Resource Center, it is essential that a reserve be maintained in an amount determined by the Board's Director of Personnel and Business. In the event that there are any monies available after the payment of all of the obligations of the Center and the maintenance of the applicable reserve, such monies shall be used exclusively for Board of Education purposes at the discretion of the Board.
