

The mission of the **Family Resource Center's School-Age Enrichment Program** is to provide a safe, nurturing and enriching environment for all children. We will strive to create and provide an age appropriate and enjoyable environment. The children will develop self-confidence, self-discipline, and a good self-image through structured programming of planned activities, as well as individual choice.

Our programs at Totoket Valley and Jerome Harrison Elementary School are staffed with a Head Teacher, and Teacher Assistants. The Head Teacher is responsible for planning all activities. We maintain a 10:1 Teacher to student ratio at all times. Teachers are certified in CPR, First Aid and Epi-Pen.

For program registration information or further program information please contact the Family Resource Center office, 203-484-4243. Our programs fill up very quickly, if you will need care for your child before or after school, call early to be put on our wait list.

For all incoming Kindergarten families, registration for our program at Jerome Harrison begins on the same day as the **Kindergarten Registration Day. We will have a table set up at Jerome Harrison Elementary School during the registration hours, please stop by our table to pick up a registration packet. Please note, we have a limited number of kindergarten slots available, our program fills up very quickly, it is in your best interest to register as soon as possible.
